

Composition of the Winning Team

Kengo Kuma & Associates (KCAA) is led by Kengo Kuma, a Japanese architect and professor at the University of Tokyo. It is an award-winning architectural partnership based in Tokyo, established in 1990. Among KCAA's major works are the V&A Museum Dundee (Scotland, UK), the Yusuhara Wooden Bridge Museum (Kochi, Japan), and they took part in the design team for the National Stadium (Tokyo, Japan).

K2LD Architects led by Singaporean Ko Shiou Hee, is an international practice established in Singapore in 1998 and Melbourne in 2007. Their projects include Christ Methodist Church (Singapore) and Yong Tai Red Cliff Visitor Centre (Fuzhou, China).

CPG Consultants will be involved in contract administration, and will be the consultants for civil and structural engineering, transport engineering, and quantity surveying.

Other key team members include Vladimir Djurovic Landscape Architecture (landscaping), Buro Happold Engineering and Aecom (engineering) and Lighting Planners Associates (lighting design).
